

New courses added to UCSD curriculum effective Fall 2017

COGS 13 Field Methods: Studying Cognition in the wild

DSGN 1 The Design of Everyday Things

ECE 5 Introduction to Electrical and Computer Engineering (Course must be taken at UCSD)

MAE 3 Introduction to Engineering Graphics and Design

SIO 3 Life in the Oceans

SIO 15 Natural Disasters

SIO 60 Experiences in Oceanic and Atmospheric Sciences (Course must be taken at UCSD)

TDDM 1 Introduction to Dance Making

TDDM 5 Site Specific Dance and Performance

TDHD 20 Looking at Dance

TDHD 21 Dance Pioneers of the 20th and 21st Centuries

TDMV 20 Movement Laboratory

TDTR 15 Dance Movement and Analysis

TDTR 20 Dance on Film

Revised Courses

CHEM 40A Organic Chemistry I (Formerly CHEM 140A)

CHEM 40B Organic Chemistry II (Formerly CHEM 140B)

CHEM 40C Organic Chemistry III (Formerly CHEM 140C)

CHEM 43A Organic Chemistry Laboratory (Formerly CHEM 143A)

CGS 2A Introduction to Critical Gender Studies: Key Terms & Concepts (Formerly Introduction to Critical Gender Studies: Social Movements) Existing Articulation maintained

CGS 2B Introduction to Critical Gender Studies: Social Formations (Formerly Introduction to Critical Gender Studies: Gender and Institutions) Existing Articulation maintained

TDDM 1 Introduction to Dance Making (Formerly TDCH 40 Principles of Choreography) Existing Articulation maintained from TDCH 40

New majors effective Fall 2017

Linguistics with a Specialization in Speech and Language Sciences B.A. – Please visit <http://ling.ucsd.edu/undergrad/majors/speech-language.html> for more information.

Oceanic and Atmospheric Sciences B.S. – Please visit <https://scripps.ucsd.edu/undergrad/oceanic-and-atmospheric-sciences-bs> for more information.

Discontinued Majors effective Fall 2017:

Structural Engineering: Engineering Sciences B.S.

Terminated courses at UCSD effective Fall 2017

CENG 1 The Scope of Chemical Engineering

CHEM 92 Undergraduate Pharmacology Seminar

The following majors had some changes:

Biological Sciences: Major Description text changes. Lower Division requirement changes in majors. **Fall 2018 Applicants are required to complete MATH 11 rather than MATH 10C or 20C.**
Note regarding Fall 2018 Biology Majors - The three majors that will be discontinued (for new/incoming students) will be: Biochemistry/Cell Biology, Molecular Biology, Physiology & Neuroscience. The two majors that will be new and available (for new/incoming students) will be: Molecular and Cell Biology, and Neurobiology

Chemical Engineering Program: NanoEngineering Major Description text changes. Lower Division requirement changes. Removed CENG 1 from Lower Division Major Prep.

Chemistry/BioChemistry: Major Description text changes. Lower Division requirement changes. Removed CHEM 92. CHEM 140ABC and 143A has been renumbered to CHEM 40ABC and 43A (Articulation is not affected by course number change)

Cognitive Science: Major description text changes. Lower Division requirement changes. **Please visit <http://www.cogsci.ucsd.edu/undergraduates/major/ba-cogsci.html#Major-Requirements> for more information.**

Computer Science & Engineering: Major description text changes. Lower Division requirement changes in CSE: Computer Science with a Specialization in Bioinformatics B.S. major.

Critical Gender Studies: Major description text changes. Lower Division course title changes for CGS 2A & 2B.

Earth Sciences/SIO: Major Description text changes. Added Oceanic and Atmospheric Sciences B.S. Major.

Electrical & Computer Engineering: Major Description text changes. Added ECE 5 Introduction to ECE to the Electrical Engineering B.S. Lower Division Major Prep.

Global Health: Added ANTH 2 COGS 11 and COGS 17 as options for Lower Division Elective choices.

Human Development: Major Description text changes. Lower Division requirement changes in majors. Please visit <http://www.hdp.ucsd.edu/undergraduate-program/bs-requirements/index.html> for more information.

International Studies: Major Description changes.

Linguistics: New Major Linguistics with a Specialization in Speech and Language Sciences B.A. Major Description text changes.

Literature: Major Description text changes.

Mechanical & Aerospace Engineering: Major Description text changes. Lower Division requirement changes. Please visit <http://mae.ucsd.edu/undergrad/programs> for more information.

Physics: Major Description text changes.

Psychology: Major description text changes. Lower Division requirement changes in majors. Please visit <https://psychology.ucsd.edu/undergraduate-program/majors-effective-fall-2015/index.html> for more information.

Structural Engineering: Discontinued major - Structural Engineering: Engineering Sciences B.S.

Theatre & Dance: Lower Division requirement changes in majors. Added new lower division major prep courses to majors. Please visit <http://www-theatre.ucsd.edu/undergraduate/programs/index.htm> for more information.

Update regarding admission by major preparation for select Majors Effective Fall 2017

Effective Fall 2017, major preparation will be required for select UCSD majors. For details, visit: <http://admissions.ucsd.edu/MajorPrep>
